

**Job Title:** Web Developer (Full-Time)

**Reports To:** Rebecca McKeever, Software Development Lead

**FLSA Status:** Exempt

### **About MarketBeat**

MarketBeat empowers individual investors to make better trading decisions by providing real-time financial data and objective market analysis through MarketBeat.com and other various website brands, mobile application, and e-mail newsletters.

### **Job Summary**

Join the Company's growing web development team, which is responsible for achieving the Company's digital business goals through developing new and enhancing existing investment research tools and overall presentation on the Company's various platforms. You will contribute to the team's performance by being able to translate the business needs into client-friendly functions within the various Company's websites and internal administration site. The ideal candidate will have 3+ years of web or mobile development experience and be able to work independently in a fast-paced environment on a team that innovates on the fly in rapid development sprints.

MarketBeat uses a Microsoft technology stack, including ASP.NET, C#, and SQL Server, for its web presence, in addition to its mobile application powered by React Native.

### **Responsibilities**

- Utilizing web user interface best practices, cross-browser compatibility, and general web standards, develop code for MarketBeat.com and other Company owned websites.
- Provide suggestions and implement ongoing developments and enhancements to websites.
- Other duties as assigned based on the candidate's existing skill sets, as outlined above.

### **Qualifications, Skills, and Requirements**

- Skills and abilities working with the following technologies:
  - Back-end web software development, especially C#.
  - API integration experience, such as PayPal, SendGrid, Stripe, Twilio, and Quandl.
  - Knowledge of source control platforms, especially Git.
  - SQL Server management
  - Web languages including HTML, CSS, and JavaScript
- Must have at least 3 years of web development experience.
- Must be a good self-manager and be able to work independently.
- Must have a strong attention to detail.
- Must be able to pass a background check.
- Must have code examples from previous projects for MarketBeat staff review.
- Must live within a drivable distance of Sioux Falls, SD.

### **Benefits**

- Flexible office environment.
- 401(K) Plan – Company contributes 8% of salary after 6 months of employment.
- HDHP Health Insurance - Company covers 100% of individual cost or 50% of family cost.
- Paid Time Off – Three (3) Weeks
- 8 ½ Paid Company Holidays
- Sabbatical program offering additional PTO every five (5) years.
- Charitable giving matching program and Volunteer time off.
- Catered office lunches, snacks, and beverages.
